

Dear Parents,

As per the notification of the Government of India the school will remain closed till 15.04.20 in view of the recent threat of COVID - 19.

The date of reopening of school for the session 2020-21 will be duly notified through the school website/SMS.

Once The lockdown is withdrawn and normalcy is restored the dates for the distribution of books for all the classes will also be notified through website/SMS.

You must be eager to fix a schedule for your kids during this lockdown period. Kids need to spend quality time in learning, online activities, science experiments and reading story books. But things might not work as you want them to.

Our kids are aware of the crisis around them and unknowingly they share your tension and anxiety. Initially being away from school might seem like a much-awaited holiday to them, but in the long run they may manifest some behavioural issues in the form of anger, protest, tantrums, aggressiveness and the like. They will miss school and their friends and hence such behaviour.

At this point of time, you as parents, have to take up the role of a friend and a guide. Step down from your perfect schedule and offer a warm and comfortable zone for them. Play board games with them, watch movies, paint, read out stories and do nothing except show your love. Also utilize this time to develop life skills in them. The memory of this unusual period of time will be etched in their minds for long. So make it worth remembering. Take care of their mental health and the school will take care of their studies.

Until they are back to the classrooms, as an alternative we introduce you the Extramarks Learning App. It is in absolute compliance with the CBSE curriculum. You are requested to check in the school website and use the app according to the guidelines mentioned, so that your child can make the most of it.

Keeping in mind the gravity of the present situation all around the globe, you are earnestly requested to stay indoors and look into the safe keeping of your ward.

Stay indoors, stay safe.

Regards,

Moushumi Banerjee
Principal
